WHY BTIS ?

WELCOME TO BRIGHT TULIPS SCHOOL

Bright Tulips School is a co-educational English Medium School that follows the NCERT syllabus. The goal of the school is to provide holistic education and circulate the best standards of learning among children, with excellence in academics and co-curricular activities. Focus is given to individual potential and each student is believed to be unique. The method of teaching is child-oriented and the learning atmosphere is warm and friendly. Inculcating values through various practices helps to mould the children into responsible citizens of tomorrow.

We have dedicated our lives to God and humanity to render devoted service in the Educational field. Admission is open to boys and girls irrespective of religion, cast or community thus practicing Secularism in its most expressible form. A sound moral training is imparted to them together with useful knowledge and accomplishment adapted to their age and social standing. They are trained to acquire self-reliance and become unselfish, conscientious humans committed to society and the country.

ABOUT OUR SCHOOL

Having taken birth in the year 2007, Bright Tulips International School runs with a synergistic approach towards imparting holistic education to its students through an efficacious core curriculum. A team of competent and skilled teachers carries out the noble task of providing contextual learning experiences to the young impressionable minds. Here at BTIS, we make full effort to implement personalized interactive teaching – learning transaction so as to achieve academic excellence in our students. We have firm conviction in quality, not quantity. This concept is thereby, brought into action through our 'limited class strength' factor thus enabling us to scale greater heights.

Striving to unearth the existing perfection in every child, Bright Tulips International School has been consistent in its endeavor since its inception in 2007. It functions under the Shri Siddhi Vinayak Educational Trust, Palanpur. The school provides a congenial environment through its Pre-Primary, Primary and Secondary sections.

OUR MISSION

To lead the students to become repository of knowledge with total humility, being patriotic and respectful to our Indian culture and to groom them as global citizens.

ESSENCE

In the words of Swami Vivekananda, 'Education is the manifestation of divine perfection already existing in a child'. Striving to unearth this perfection, Bright Tulips International School, having taken birth in 2007, is a purely English medium co-educational Pre-Primary, Primary and Secondary School which provides a congenial environment for children to learn and grow. The school is managed by the Shri Siddhi Vinayak Educational Trust. We, at Bright Tulips, believe in educating our children, not merely in completing our textual curriculum.

Our team at Bright Tulips constantly endeavors to rediscover the latent dimensions of each of our students and mould them fruitfully, thus ushering the holistic progress of every learner. 'Well begun is half done.' Each day at school commences with a well-defined ethical Morning Assembly. As the day proceeds, hours melt away into merry moments of reading, writing, laughter and play. We are making a sincere effort to transform our little ones into virtuous, respectable and versatile individuals.
